# Habs is the 2025 *Independent* School of the Year

Haberdashers' Elstree Schools has won awards for Outstanding Educational Partnerships AND the overall top accolade of Independent School of the Year 2025, recognising its long-term commitment to social impact through deep, sustained collaborations with state sector partners.

"This year's Independent School of the Year has demonstrated its resilience in staying true to its vision, rather than swerving the challenges of the moment," said the judging panel.

"It represents the very best qualities of the independent sector—a voice that helps the wider world to understand the powerful and positive impact of this sector."

In a landmark evening for the school, Habs was also awarded the overall top award title of Independent School of the Year 2025.

The annual awards celebrate excellence across the UK's independent education sector, and this year, Habs stood out from a strong field of national winners to take the overall top honour —awarded to the school that most clearly embodies the best of independent education today.

### **A VISION FOR IMPACT**

Habs traces its heritage back many centuries, within the context of the Haberdashers' Livery Company, to a philanthropic vision intended to provide education and opportunity to the least privileged in society.

At the heart of Habs Elstree's success is a clearly defined purpose: to empower young people to have a profound impact in the world.

The Habs Partnerships Programme is formed of strong and mutually beneficial partnerships between the Haberdashers' Elstree Schools and six local state partner schools (Cowley Hill Primary School, Borehamwood; Fairfield Junior School, Radlett; Hertswood Academy, Borehamwood; Meryfield Primary School, Borehamwood; Monksmead Primary School, Borehamwood and London Academy School, Edgware) aimed to build educational opportunities for our local community centred around the WD6 postcode.

The partner schools all serve communities with average or above-average levels of disadvantage, and face persistent challenges in educational attainment, access to specialist subjects, and extracurricular enrichment opportunities.

Through its pioneering partnerships programme Habs delivers over 52 hours of curriculum support and enrichment every week with almost 2000 students benefitting from an average of 12 hours of sessions each. This involves over 500 Habs students in Years 10 to 13 who are specially trained to lead and support sessions, fostering leadership, communication and adaptability and 56 Habs staff members contribute weekly, supporting curriculum alignment and ensuring quality provision.

### **DEMONSTRABLE IMPACT**

The work in partnership has raised average school attendance among disadvantaged pupils – i.e. not just attendance at partnerships sessions, but at school overall – by 10.1%, equivalent to a full extra day of school every two weeks. Raising attendance is one of the key challenges for state schools; it is now clear that a regular programme of partnerships work is a powerful tool for tackling this challenge, given that attendance is the most powerful predictor of school outcomes for young people.

“In a highly competitive field, the judges were impressed by our brilliant programme in which our students and staff work together for mutual enrichment with partner schools, making a tangible impact, including helping to improve student attendance in our partner schools. I cannot put into words how proud I am of our schools, staff, students and community. Everyone at Habs works incredibly hard, and at a tough time for the sector and our schools, but your commitment to one another, to our schools, and to the idea that our work can genuinely change lives and will help our brilliant pupils to make a meaningful difference to the world, is inspiring. Thank you, from the bottom of my heart, for all that you do for our students, our colleagues and our community.” said **Mr Gus Lock, Executive Principal of Habs Elstree Schools.**

**Mr Joshua Plotkin, Director of Partnerships at Habs,** added: “As part of a programme which trains, guides and supports them, we put our students into the wider world and enable them to have a profound impact.”

### **RECOGNITION OF PURPOSE**

These awards are not just a celebration of academic excellence —they recognise a school actively using its resources, people, and purpose to drive social mobility and create a positive legacy beyond its campus.

The double win signals national recognition for Habs' distinctive approach to education: one that fuses ambition with action, excellence with empathy, and leadership with service.

# Our history and governance

Robert Aske was a merchant and Master Haberdasher. On his death, he bequeathed today's equivalent of over £8 million to the *Haberdashers Livery Company*, to build almshouses for poor members of the company and *set up a school for 20 of their sons*.

The Aske Charity was set up and Habs Boys, known as Aske's Hospital, opened in 1690. The Schools Inquiry Commission encouraged increasing provision for girls' education in Britain so Habs Girls was established alongside Habs Boys in 1875.

Haberdashers' Elstree Schools (Habs Girls and Habs Boys) are situated in Elstree, Hertfordshire, 13 miles from central London.

Two leading single-sex schools, educating over 2600 students, aged 4 to 18, on one stunning co-educational 100-acre campus. Both schools enjoy an enviable reputation for academic excellence and outstanding outcomes (ranking in the top 20 independent schools in the country).

## Governance

The Schools are part of the Haberdashers' Company and, as such, form part of a wider family of schools. The Haberdashers' family of schools includes 19 schools, ranging from brand new, state academies to a centuries' old independent boarding school, in four devolved groups (Haberdashers' Academy Trust South, Haberdashers' West Midlands Academy Trust, Haberdashers' Elstree Schools and Haberdashers' Monmouth Schools), educating children at primary and secondary ages.

There is active sharing of best practice between all four main 'hubs', and the Company is a recognised voice on the national educational stage. The Haberdashers' Company is highly engaged in the work of the Elstree Schools, including; deputations, the provision of Governors and charitable funding, and cross-hub events in music, sport and other co-curricular activities. There is ongoing work to deliver *The Haberdashers' Advantage programme*, leveraging the enormous Haberdashers' community across all the Schools to benefit students with mentoring, admissions advice, charitable support, character development opportunities and cross-hub experiences.

Habs Girls is led by the Headmistress, Dr Hazel Bagworth-Mann. The Schools are jointly governed, and overseen by an Executive Principal, Gus Lock, and the Habs Executive Group (the EP, Heads and CFO, and other senior staff by invitation). All Professional Services functions are centralised and the schools share a joint timetable which has facilitated co-educational teaching in the Sixth Form.

The schools contain experts in both boys' and girls' education, as well as many who have worked extensively in co-educational schools. Both Heads have worked in single-sex schools for most of their careers and understand the importance of both single-sex education and providing equity for girls' education. We believe this complements co-education and collaboration very well.

# Our strategy

Read our Profound Impact strategy in full [here](#)

Habs Girls and Habs Boys share *a joint vision, purpose and set of values*, as well as a completely joint strategic plan.

We are the only school in the area where two single-sex schools are located on one campus together. This offers the best of both worlds for our students; tailored teaching and pastoral care to suit the differing needs of boys and girls from the age of 4 to 16, moving to our unique Sixth Form, offering co-educational A Levels with tailored single-sex pastoral care and leadership opportunities.

Additionally, all students from Reception have regular opportunities to collaborate with their sibling school.

Our 2030 vision is to be at the *forefront* of education.

Being at the forefront of education does not mean simply doing well at delivering the ordinary. It means striving to be *extraordinary*.

Our curriculum is ambitious and innovative. We are preparing our students for futures that are not yet imagined. Creative and critical thinking, problem-solving, deep understanding and an ability to collaborate effectively will be essential to success, not just in work, but in life.

But for us, being at the forefront of education means that students serve more than their own interests. We offer an outstanding education that is fun, exciting and intellectually challenging; developing independence, resilience and a moral compass to create positive change. We are driven always by our purpose to inspire young people to have a profound impact in the world, and are enormously proud of our students, staff, and school communities.

# Our values

Our values are what we hold dear as a school, the core beliefs that we stand for.

They help drive all our *decisions and actions*.

Watch our Feeding Curiosity Girl's Junior film [here](#)

Watch our Profound Impact Girls' Senior film [here](#)

We have four values that underpin our schools; *Ambition, Curiosity, Courage and Community*.

## Ambition

*We are bold and ambitious – for ourselves, but also for others and for the world.*

This is underpinned by our altruistic and philanthropic foundation, which drives our values and behaviours. We expect everyone to give their best, to stretch boundaries, and to challenge the status quo. We believe that ambition can be limitless. When combined with courage, curiosity and community, ambition can be a selfless and powerful lever for change.

## Curiosity

*We create and use every opportunity to engage with the world around us; we ask questions, challenge assumptions, and express our ideas.*

Alongside our academic interests and skills, we also love to exercise our imaginations, creativity and spirituality. Our broad and carefully curated curriculum leads us into experiences of awe and wonder – bringing a sense of magic and excitement to learning.

## Courage

*Exploring beyond our comfort zones enables us to become more self-aware, adventurous, resilient and independent.*

We aim high, following our dreams, but we cope well if we don't always succeed. We understand how to balance humility and boldness when speaking out on behalf of ourselves and others. And we are unflinching problem-solvers, continually seeking to change the world for the better.

## Community

*Habs is one caring, respectful community on one fabulous campus.*

Our focus is on belonging and inclusivity: celebrating our differences, not in spite of our differences. Beyond our students and staff, this sense of collaborative togetherness extends to our families, alumni, partner schools, and even the world. We're helping to learn from and empower wider communities – locally, nationally and globally. We bring the world to our door, but we also step through that door into the wider world.

# *The current strategic priorities for attainment between 2025 and 2030 are:*

## *Aim 1: Learning*

We will provide the most exciting, challenging and innovative experiences – bringing a sense of magic and wonder to learning. We will prepare students intellectually, emotionally, socially and technologically to carve out the futures they want. They will become lifelong learners, capable of endlessly adapting to an ever-changing world.

## *Aim 2: Caring*

Every student will be valued for who they are as a unique individual. They will know that Habs always offers kindness and encouragement and that we will proactively nurture and support them. We will also ensure that they understand the importance of protecting and developing their own wellbeing, spirituality and independence.

## *Aim 3: Exploring*

The depth and breadth of our co-curricular programme will be unmatched, offering superb opportunities for each student to excel academically while also pursuing their personal interests and talents. Students will be capable of being both team players and leaders, developing their resilience, self-awareness and confidence they need to take risks and cope with the outcomes.

## *Aim 4: Partnerships*

We will 'open our gates' and expand our horizons, engaging more deeply with a wider range of communities, institutions and individuals – locally, nationally and globally. This will deliver mutual opportunities for discovery, adventure and progress.

## *Aim 5: Talent*

Our reputation will draw the brightest students to us. We will also become an inspirational, diverse and inclusive 'destination employer', attracting world-class teaching and professional services staff. We will retain this talent through excellent personal and professional development opportunities, a strong sense of belonging, and mutual support and respect.

## *Aim 6: Campus*

We will be a responsible 'custodian' of our historic campus to create an outstanding learning and working environment for students and staff. We will reimagine education by being a responsible custodian of our campus; supporting and developing existing buildings and facilities; investing in state-of-the-art, environmentally sustainable facilities which can flawlessly support the delivery of our other aims.

## LIFE AT HABS GIRLS

is an adventure, a thrilling opportunity for discovery and progress. Our priority is the education of the whole person, amongst other bright, well-motivated students, taught by highly qualified, committed staff. In partnership with parents, we provide a challenging, positive, stimulating and secure community.

## HABS STUDENTS

are bright, ambitious, globally curious and resilient, with a desire to improve themselves. Students are encouraged to create lasting positive change throughout their lives, for the benefit of themselves, our society and the environment. We are deeply committed to our relationship with the world beyond our gates.

We also know how important it is for them to develop their personal skills and attributes. Alongside our exciting curriculum, this is why we prioritise our outstanding range of co-curricular and partnership opportunities.

We equip our students with resilience, empathy, creativity and leadership – which is why the mark of a Habs education is a person who is kind, confident and inclusive, and who has a strong moral compass.

# How we *care*

At Habs, we want our students to *flourish in all that they do*; therefore, we place great importance on the social and emotional health and wellbeing of every student.

Every member of staff in the School has a responsibility for the students' well-being, welfare and security, and there are many layers of care in place. Habs is a place where students can feel safe and happy, are known as individuals and have a strong sense of belonging within our diverse community. We do our very best to make sure every child enjoys personal and academic success. This means working closely with parents and guardians to provide any support each child needs.

A programme of PSHE (personal, social, health and economic education lessons) covers important issues of self-development and allows pupils to reflect on their responsibilities to each other and the wider community.

Our rewards system of House Points, Cornflowers and Excellence Book nominations encourages kind and considerate behaviour.

In the Senior School we have a pastoral team led by the Deputy Head (Pastoral), Assistant Head (Pastoral) and Heads of Section, who work closely with Heads of Year, form tutors and the Healthcare Centre team of Nurses and School Counsellors. The provision of pastoral care is designed to help students take responsibility for themselves and others within the framework of a very diverse community.

Strong peer support is provided via older students in the Sixth Form. We have comprehensive pastoral, tutorial and guidance systems, which support the educational and personal development of the students.

All students are placed in one of six Houses, named after former Headmistresses of the school. Houses offer them opportunities to work within vertical groups across all year groups. Their aim is to promote resilience and fun, team spirit and competitive edge, and to offer new opportunities for leadership within the House structure.

# How we *explore*

While students at Habs Girls are academic high-achievers, they also have an *extraordinary capacity for co-curricular interests.*

We have an outstanding range of co-curricular, trips and partnership opportunities where students develop character, independence, creativity, teamwork and the ability to communicate and motivate others.
